

Free Choice Book Report

For February and March, you will be reading a book of your choice at a level that is a good challenge for you. **Please do not choose a book you have read before.** You will need to have your book at school each day to read when you have spare time, but you will also need to do much of the reading at home. Books should be read by the end of the March Break.

The format for your book report is also your choice. Choose a book report format from the list (posted in the Language folder in Google drive). The majority of the work for the book report will be done at school so **DO NOT START THE BOOK REPORT AT HOME.** Portions will be assigned for homework, once we have gotten started.
